DestinationImagiNation
The most important course in education.

Destination ImagiNation
Information and Sign Up evening
Wednesday, September 28th at 6:30 p.m.
AES Cafeteria

Destination ImagiNation is an international organization for kindergarten through college students which teaches life skills and expanding imaginations through team-based, creative problem solving.

The program teaches students how to tap into their own creativity, how to solve problems, and how to work together in teams.

Destination ImagiNation provides children with challenges that encourage students to build on their strengths and "out of the box" thinking while working collaboratively as a team. Imaginative thinking and collaboration are vital skills that will carry over to many areas of a child's academic, social and future professional life.

Teams of two to seven members choose one of five challenges (please refer to back of this page) then work together with their team, supervised by their Team Managers (parent volunteers), devising their solutions and perfecting their presentations for the regional tournament in the spring.

Our teams are also growing and included teams from Cashman Elementary, Amesbury Elementary and the Amesbury Middle School! On the back of this flyer, be sure to check out the previews for the 2016-2017 team challenges! Once again, they look amazing and hope you will join us!

2016-2017 Team Challenges!

Your child's team will choose one Team Challenge to solve during the DI season. Each Challenge has a specific Educational Focus and all Challenges are new each season.

Technical: Show and Tech: The Technical Challenge prompts students to complete tasks by using engineering, research, strategic planning and related skills.

- Present a show that includes an opening act and a headlining act.
- Design and build a stage on which the acts will take place and that will move a team member from one location to another.
- Enhance each act with a technical effect to amaze the audience.
- Create and present two Team Choice Elements that show off the team's interest, skills, areas of strength, and talents.

Scientific: Top Secret: Our Scientific Challenge blends the research and curiosity of science with the thrill and creativity of the theater arts.

- Create and present a story about a secret mission.
- Research and apply methods from cryptography and steganography to reveal secret messages.
- Design and create a gadget that appears to be an everyday item.
- Create and integrate a disguised character into the story.
- Create and present two Team Choice Elements that show off the team's interests, skills, areas of strength, and talents.

Fine Arts: Vanished: Our Fine Arts Challenge has students flex their acting and creative muscles as they experiment with different types of artistic media and theater arts, write scripts and design props.

- Research the meanings, roles and uses of colors.
- Present a story about how the disappearance of a color changes the world.
- Create a colorful character that is involved with the color's disappearance.
- Use technical theater methods to create a vanishing act.
- Create and present two Team Choice Elements that show off the team's interests, skills, areas of strength, and talents.

Improvisational: 3 Peat: Our Improvisational Challenge is all about spontaneity and storytelling. Teams receive topics and produce skits right on the spot.

- Create three improvisational skits from the same story prompt.
- Present each skit in a different performance genre.
- Portray a different stock character in each skit.
- Enhance each skit with props.

Engineering: In It Together: Our Engineering Challenge asks teams to design, build and test load-bearing structures out of specific materials.

- Design, build and test multiple free-standing structures that work together.
- Develop a strategy for placing structures to support as much weight as possible.
- Develop and present a collaborative solution to a global issue.
- Create and present two Team Choice Elements that highlight the team's interests, skills, areas of strength, and talents.

Service Learning? Ready, Willing, and Fable: Our Service Learning Challenge is designed to engage students in public service to address real-life community issues.

- Identify, design, plan and carry out a project that addresses a real community need.
- Create a live presentation of a team-created fable that integrates information about the project.
- Include an impact prop and a character that changes appearance.
- Create and present two Team Choice Elements that show off the team's interests, skills, areas of strength, and talents.

Rising Stars! (K-2, Non-competitive Early Learning): Save the Day: Our Rising Stars! for Early Learners Challenge offers simple experiences with the creative process, and it gives young kids (preschool through 2nd grade) a place to work together and make new friends.

- Learn about simple and complex machines.
- Use simple machines to create and build a new invention.
- Create a play that tells a story about how the new invention helps to save the day.
- Create props, scenery and costumes to help tell the story.

- School nurse experience preferred, not required.
- BLS/CPR certified.
- \$125.00/day

For all inquiries, please contact Rita O'Neill RN
at oneillr@amesburyma.gov

Applying to High Schools Outside Amesbury District

Checklist

1. Discuss the options that are available with your child. Make a list of his/her choices. Schools websites offer helpful descriptions, (i.e. size, location, programs available, contact persons and phone numbers) and their admissions process. Also, "TeenLife" is an e-newsletter which contains valuable information about upcoming events and resources for students and their families.
2. Contact school(s) to request application packet(s). Ask what tests are required (i.e. SSAT) for their admissions process.
3. Review packets and determine what needs to come to our Guidance office, what your student needs to complete and parent/guardian responsibilities.
4. ***CHECK DEADLINES AND REQUIREMENTS – THESE VARY BY SCHOOL***
5. **Guidance and teacher recommendations need to be delivered to respective people at least 15 school days PRIOR to the deadline.**
6. **Provide addressed, stamped envelopes to all teachers for recommendations. Students should personally ask teachers for recommendations. The envelope for Transcripts should be brought to Ms. Scott addressed to the respective school and stamped. Two stamps are required. Students requesting a Guidance Recommendation please see Ms. Scott.**
7. Make an appointment with Ms. Scott (978-388-0515 x 1506) if you have any questions.
8. Specific information for applying to our public vocational schools, Whittier and the vocational-agricultural cluster of Essex Tech, will be sent home separately as the deadline and process for each is different.
9. Thank you notes should be sent to teachers who write recommendations.
10. Please feel free to write down your perceptions of your child's strengths and qualities and send them to Ms. Scott.

Calling all Chili Savants,

Saturday October 8th from 11:00 AM to 2:00 PM Amesbury Jets Youth Football and Cheer will be sponsoring the second annual "Tackle Cancer Chili Cook off" at Landry Stadium in Amesbury.

Trophies for *best spice, appearance, and top-overall* will be awarded to only the most-worthy contestants.

Registration and entrance to the games and cook off are free, with a one-time \$10 chili tasting donation. Proceeds for the cook-off to benefit Tough Warrior Princesses.

Come watch some football, make or taste some chili and help raise a few bucks to tackle cancer from our small corner of the world.

RSVP to board@amesburyjetsfootball.org by 10/1 to reserve your spot at the table and shot at chili glory.
