

Permission slip for Lowell's Boat Shop trips

\_\_\_\_\_ has permission to participate in field trips to Lowell's Boat Shop during scheduled class time on **multiple days** throughout the course of the Advanced Math class with Ms. Regis.

At Lowell's Boat Shop, there will be multiple opportunities to be working in boats on the water. All safety protocols (including life jackets) will be followed, especially while working on the water.

Thanks to a grant from AEFI, these field trips are at **no cost** to students and will not interfere with other classes they are taking. We will be taking a bus for each trip to maximize each visit to LBS.

All students are expected to dress appropriately for each trip.

All students are expected to arrive on time to class so we may leave promptly.

All students are expected to behave appropriately and safely during each trip.

Parent/Guardian Signature \_\_\_\_\_

Date \_\_\_\_\_

Please complete the waiver of liability on the back of this page.
