

Chemistry Lab Notebook

Organization

20%

- *Dated pages*
- *Numbered pages*
- *Experimental title*
- *Experiment purpose*
- *Safety information*
- *Chemicals names, formulas, and concentrations*
- *Pre observations*
- *Observations during experiment*
- *Observations at conclusion of experiment*
- *Recorded data*
- *Calculations*

Content

40%

- *Sources cited for researched information*
- *Analysis -interpretation of what you observe described, logical interpretation, and suggestions for improvement*
- *Calculations explained and interpreted*

Interpretation

40%

- *Conclusions drawn with reference to results*
- *Conclusion agree with results*
- *Conclusions are logical*
- *Conclusions have a depth of interpretation*
- *Conclusions drawn with reference to laws and or concept being learned*
