**Syria**                                          9/19/2013 ✎

For the past two weeks we have been taking a close look at what has been happening in Syria over the last month.  We have delved into who is al-Assad, how he came to power, the civil war, the alleged chemical weapons attack and the response from the international community.  It has been exciting to see events change on a daily basis.  We will continue to monitor Syria throughout the year as the situation evolves.  Next we will begin to look at how geographers organize the amazing world we live in.

**Welcome!**                                       9/5/2013 ✎

Welcome to Mrs. MacAulay's Geography page.  We will be using this page for many aspects of class this year.  Through Aspen you will be able to monitor your grades and missing assignments.  If you lose your assignments many times you should be able to find a pdf copy of the assignment here.  I also use this blog entry to help keep parents informed about what is happening in the classroom.

You will also use this page for online discussions. If you look at the top of this page you will notice a tab labeled "DISCUSSIONS". Clicking on this tab will bring you our online discussions. Be sure to post in your class section for the discussion!

As we move through the year this site will be come more familiar to you.  So do not panic if you feel lost at the beginning. We will hit glitches and technical difficulties but we will work through them together!

**Group Resources**

- 5 Themes of Geography Collage.doc
- Country Research.doc
- Current event ded.pdf
- Landform definitions.pdf
- Map Game (2)
- Microsoft Word - Dictatorship.pdf
- Quizlet
