AMESBURY PUBLIC SCHOOLS CONDUCTING CHILD FIND ACTIVITIES

In accordance with federal Law, IDEA and Massachusetts law 603 CMR 28.00, the Amesbury Public Schools provides special education programs designed to meet the needs of children who are attending not only public schools but also those who are attending private schools at private expense and whose parents reside in Amesbury.

Amesbury provides all children with an opportunity to participate in the public school programs using a continuous and systematic effort to identify children in need of special education services.

The Amesbury Public Schools will arrange for the provision and evaluation of those students ages 16-21 who have not graduated from high school and who are not attending school or children ages 3-21 who are unable to progress effectively in a regular program due to a suspected disability consisting of a developmental delay or an intellectual, sensory, neurological, emotional, communication, physical, specific learning, or health impairment or combination thereof.

All programs and services are offered without regard to race, color, sex, religion, national origin, sexual orientation and disability.

For further information, please contact Kevin Pierce, Director of Student Services and Special Education at 879-388-0531.
