BUDGET OVERVIEW

Basic Assumptions

- Salaries are set according to the negotiated contracts which include a 1% and 1% split and step increases for teachers who continue to move on the salary schedule \$162,032. For individually contracted employees, an amount of \$25,000 has been set aside in the District Administration budget according to the current contract language. Column moves for professional staff is also budgeted in the District Administration budget (\$40,800).
- Retirements are budgeted at a Master's Step 6, \$61,716. There is one teacher retirement at the Middle School.
- Special education out-of-districts tuitions are budgeted based on actual current students with 4 additional potential students, along with a 3% increase. Tuitions are allocated to three different accounts; district budget, the special education 94-142 grant and Circuit Breaker. In addition, the district will prepay \$100,000 of collaborative tuitions by the end of FY17 and the city will pay for the last year of a student's residential tuition (\$100,000). Special education transportation is budgeted with a 3% increase.
- The regular education transportation contract has increased by \$40,000. FY18 is the last year of the three year contract. Homeless transportation has been budgeted this year in the regular transportation budget and is based on current students with a 3% increase.
- Instructional technology expenses have been reallocated to the individual schools, the technology budget did increase by the amount of \$7,800 for increased Internet access and speed.
- Salaries and expenses which are charged to either revolving accounts or grants are not included in the district budget with an offset as has been done in previous budgets, they are allocated to their appropriate account or grant. All FTE's are included in the notes, regardless of funding source.
- The Athletic Revolving account has been reduced by \$45,000 for uniform and capital expenses. A portion of these expenses may be paid by the city.
- Health insurance has been budgeted with a 5.1% increase based on actual employees/plans.
- Retirement contributions have increased by \$110,266 over what was budgeted for FY17 according to PERAC's notice of allocation to the city.
- School Choice and South Hampton Tuition revenue is budgeted based upon FY17's enrollment.
- Circuit Breaker revenue is budgeted based upon out-of-district tuition expenses for FY17 and budgeted at a 70% reimbursement from the state.
- Supply and expense accounts at the schools have been updated to include new and appropriate accounts. These accounts have been reduced at the schools based upon a per student allocation more similar to surrounding school districts.
- Bolded accounts are new or changed account descriptions
